MARTINA MEIER

HR MANAGER

myfuture@kurzdigital.com

KURZ Digital Solutions is a startup software company that is helping to shape the worldwide digital transformation within the KURZ Group. Our strengths are: know-how, versatility and initiative of one's own as well as our tech stack.

We are currently looking for you as an addition to our team in Fürth (Germany) or remote - only as an employee - no B2B contract

iOS Developer (all genders)

YOUR MISSION

- New and further development of native iOS apps
- Maintenance and support of our iOS Frameworks and SDKs
- Image processing/recognition using Vision, OpenCV
- Creation and maintenance of technical documentation
- Continuously discover new technologies

YOUR PROFILE

- Provable experience developing several mobile apps natively in iOS
- You enjoy developing with Swift, but you also have experience in UIKit, fastlane
- Experience in using REST based APIs and JSON
- You are familiar with Objective-C, C++
- Experience in implementing adaptive UIs mit SwiftUI and Autolayout
- Experience continuous integration and the release process of apps
- Good knowledge of spoken and written English, German is a big plus

WHAT WE OFFER YOU

- A professional but friendly and stimulating working environment
- Exchange of knowledge and close cooperation with competent colleagues in a highly motivated team
- Flexible remote work solutions within Germany
- Modern workplace and a top location with good public transport connections
- Family-friendly working hours with a great work-life balance
- Opportunities for personal development in line with business growth
- The freedom to tell us which tools you need to be successful – choose your devices
